

**REVISED RELEASE**  
**February 6, 2012**

**Dauphin County Tech Students are  
 Regional Skills USA Winners**

**HARRISBURG — February 6, 2012 —** Members of Dauphin County Technical

School’s Skills USA chapter brought home multiple wins in two regional competitions held at Lebanon County Career and Technology Center in January.

SkillsUSA, according to their website, is a national nonprofit organization serving as a partnership of students, teachers and industry representatives working together to ensure America has a skilled workforce. Its mission is to help its members become world-class workers, leaders and responsible American citizens.

Regional, state and national competitions serve to celebrate excellence in Career and Technical education and skills.
