

DAUPHIN COUNTY TECHNICAL SCHOOL
12th Grade Enrollment Option

Beginning with the 2009-10 school year, Dauphin County Technical School will be offering a new enrollment option for 12th grade students. Seniors from Dauphin County school districts may enroll in any DCTS technical program on a half-day or full-day basis. This option may be of interest to seniors who have completed the majority of their academic requirements, and want to gain an advantage over their fellow graduates by learning technical skills related to their chosen postsecondary fields of study prior to graduation from high school.

FAQS

When are these programs offered?

Seniors may enroll in DCTS courses in the afternoon only.

Will all technical courses be offered?

All technical courses will be offered, with the exception of Cosmetology.

How do I apply?

Interested students should see their guidance counselor for an application.

How many credits will I earn for a technical course?

Each school district will award credits based on the graduation requirements in that district.

How will I get to DCTS?

Students may drive to DCTS, and will be issued parking permits.

When will my class start?

In general, your class will start at approximately 12:30 p.m. This depends on the technical program you choose.

When is the deadline to submit an application?

DCTS must receive your application by March 20.

When will I know if I have been accepted?

If you apply by the deadline, you will be notified by April 10.
