Position(s) /Job Title(s): HVAC Technician

Job Description: The HVAC Technician will perform preventative and corrective maintenance on the Heating, Venting and Air Conditioning system in order to assist in reaching profitability, guest satisfaction, workforce strength and compliance goals.

Clean HVAC units based on the manufacturer's recommendation, or as the need arises.

Perform planned and corrective maintenance on kitchen refrigeration equipment.

Perform routine maintenance on all HVAC units, including changing filters, belts, and other parts when needed, or as recommended by the equipment manufacture.

Track Freon usage, changing out major parts, such as compressors, fan motors, and complete units when necessary.

Daily tracking of parts, repairs, and maintenance schedules of all HVAC equipment.

Set up protective barriers around work areas, to ensure the safety of our team members and our guests.

Setting up a HVAC shop/working area, and keep the work area clean and professionally organized.

Use lock out/tag out system when performing scheduled maintenance, or making repairs.

Assist management in planning tasks related to the HVAC system, including changing duct design, relocating equipment, adding equipment, or eliminating equipment.

Learn the operational procedures for controlling the temperature and air quality in the casino, all public areas, and back-of-house areas.

Re-set temperatures, and air changes as directed by management.

Perform repairs to other Facilities equipment as directed by management.

Respond to request from other department managers, and follow up with phone call or personal contact to ensure the comfort level of our guests and team members.

High School Diploma/GED; Associate's/Technical Degree preferred; 3-5 years of related experience or equivalent combination of education and experience.

Must hold certification for Type I and Type II or Universal Technician as required by 40 CFR Part 82, Subpart F and any other local or state regulatory agencies.

Must have commercial HVAC background in maintenance, repairs, or installation.

Must have the ability to read, write and speak English.

Must have the ability to respond to common inquiries or complaints from guests, regulatory agencies, and community members.

Must have the ability to read and interpret documents, such as safety rules, operating and maintenance instructions, and manuals.

Must have the ability to present information and respond to questions from groups of managers, employees, and guests.

Must have the ability to read, analyze, and interpret business periodicals, technical procedures, and governmental regulations.

- Must have the ability to write reports.
- Must have the ability to perform basic math skills.
- Must have the ability to troubleshoot basic mechanical and electrical faults.
- Must have the ability to interpret a variety of instructions (i.e., written, oral, etc.)
- Must have the ability to understand HVAC Schematics and electrical data furnished on each HVAC unit and with the equipment specifications.
- Basic computer knowledge.
- Must know or have the ability to learn how to operate the building management software.
- Must qualify for a license with the Pennsylvania State Racing Commission and meet any credentialing requirements of the Pennsylvania Gaming Control Board.
- Must possess a valid Pennsylvania Driver's License.

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations will be made to enable individuals with disabilities to perform the essential functions.

- Walking 60% of the time.
- Sitting 15% of the time.
- Standing 15% of the time.
- Bending and lifting 10% of the time.
- Climbing up heights in excess of 50 feet.
- Use of aerial lifts.
- Lifting/moving maximum of 35 lbs.
- Ability to see 20/20, color, and/or peripherally.
