Position(s) /Job Title(s): Automotive Mechanic

Job Description: Overview

Icahn Automotive Group LLC (Icahn Automotive) was formed by its parent, Icahn Enterprises L.P. (NASDAQ: IEP), to invest in and operate businesses involved in aftermarket parts distribution and service. Our businesses have a singular focus: provide premium automotive parts and services at a great value. The businesses of Icahn Automotive today consist of Pep Boys® automotive aftermarket retail and service chain, Auto Plus® automotive aftermarket parts distributor, Precision Tune Auto Care® owned and franchised automotive service centers, and AAMCO Total Auto Care franchised service centers. The businesses of Icahn Automotive total over 22,000 employees, over 2,000 company-owned and franchise locations and 25 distribution centers throughout the US, Canada, and Puerto Rico.

### Position Summary

Responsible for the efficient diagnosis, repair, and preventive maintenance of vehicles along with replacement of general automotive parts and accessories. Partner with store management and the desk team to deliver superior service and education to customers on problems and proposed solutions for their vehicles.

### Duties & Responsibilities

Ensure a thorough safety and mechanical vehicle inspection is completed and documented in the work order system for every car assigned to him/her that comes into the shop. Ability to communicate repairs that are necessary for the safety and operational efficiency of the vehicle to customers and management. Recommends additional repairs and services pertaining to scheduled maintenance, vehicle enhancements, and/or upgrades as appropriate. Adheres to MAP (UICS) standards.

Conduct a wide variety of diagnoses and repairs; including but not limited to brakes, all tire related services, including mounting, balancing, and flat repairs, state safety and emissions testing (where required), fluid changes, steering and suspension, maintenance services, starting and charging. Responsible for securing vehicle during repairs and after repairs are completed.

Maintain technical capabilities to ensure proficient, safe use of service equipment. Interprets and applies technical instructions in diagram and text form.

Maintain company directed productivity, training development plan, and comeback performance levels.

Approachable and knowledgeable resource regarding technical matters related to installation and proper application of parts and accessories, while also providing accurate and effective direction, advice and assistance to service advisors, other technicians, commercial, retail and parts associates,

management, and customers.

Partner with Management to produce a safe and healthy work environment that complies with all local, state, and federal laws, as well as with company policies and procedures. Expected to comply with loss prevention, safety, and environmental codes and ordinances.

#### Knowledge, Skills, and Abilities

Valid Driver's License.

Successful completion of Background and Drug tests.

Minimum six months of related experience in the automotive service environment.

Must have basic knowledge and understanding of mathematical concepts such as addition, subtraction, multiplication, division, percentages, and fractions. Ability to apply mathematical formulas to calculate commissions and discounts.

ASEs preferred; ASE G1-Auto Maintenance and Light Repair strongly preferred; state certifications/licenses where required.

Strong customer service skills.

Strong verbal communication skills.

Ability to work Days, Nights, Holidays and Weekends.
